Even though at the moment I go to school and take supporting classes just like an ordinary person,
I'm not like ordinary people - I'm a chosen one!
And on that day, the world will be destroyed. The wars and conflicts of today are nothing but a warning.
The promised day will come.
someday special powers will awaken in me.
But we, the 'chosen ones', will save the world with our special powers.
I've known for a long time that the world will be destroyed, for I had a premonition.

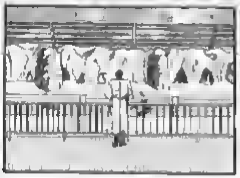
Waiting

for

a

call

Waiting for someone to tell us, "You are special"



We fought for the sake of the world in our previous lives...

We are 'special'... We are the 'chosen ones' who will save the world

In our previous lives, we were warriors.

Waiting for someone who will tell us our mission

We are waiting

You know, imperial penguins, maybe arranging to meet for our date at the Sunshine Aquarium...
wasn't such a good idea after all.

It's ok!
I'm sorry!
This job took longer than expected!
Sorry!

Su
ha
ru
-kun.

It's my fault for insisting on having a date today even though I knew you had a job to do. So don't worry!
But
-!

I see you Sunshine penguins are as cheerful as ever.

S-sorry!
I'm so sorry!

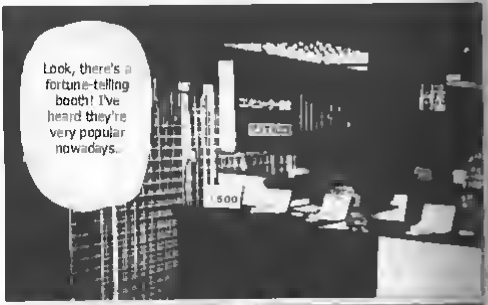
Uh!

Where on earth is Subaru kun? He promised to be here at two o'clock for our date!

So how is your health, Mr. Imperial Penguin?

And you told me that you don't visit Ikebukuro very often ...
We haven't tried them yet.
The Y.O.U. area of the Sunshine 60 has a nice cafe that has delicious muffins.
Oh, that time ... I'm sorry I left you waiting for me.
It's ok! It was me who insisted on meeting for lunch before afternoon duty.
B i n g
I waited, but since you were taking so long I had to return to the Clinic.

So, Subaru-kun, have you had lunch yet?
N-no, since the job took me entire morning
Erm, yeah ... sorta ...
Then you're probably hungry, aren't you?
In that case, let's go get lunch!
I'm so very glad you came, Subaru-kun.



Look, there's a fortune-telling booth! I've heard they're very popular nowadays.

Did that job go fine?
Well, yes . . . . I think.

I'm so very sorry.

Since my job is along also those lines, to have a fortune-teller do a divination for me is kinda . . . .

You like that kind of stuff Subaru-kun?
Uh fortune-telling is forbidden to me.
By who? The Sumeragi Clan?

Great! So now we can have a proper date!
D-date . . . ?!

So you have nothing to worry about today?

Uh huh!

Leareh Love his expression here)

Sometimes I get a call for a very important job and need to be contacted immediately.
Don't worry it's ok
I didn't know you carried a pager.
Oh... I'm sorry!
Onmyouji have certainly changed with the times if they carry a pager around with them
It's from Hokuto -chan.
Who's the call from?

You make a delightful couple
Your beloved is very beautiful Her husky voice makes her such a lovely girl
It's nice to be in love with a student, isn't it sir.
Oh yes! I just wish my feelings were more openly returned.
He's not a girl
Eh?
Pi pi!
He's a boy
Not a girl?!

Eh? What did you say, Hokuto-chan?
What?
I'm sorry, this phone won't let me hear you well
...
YOU GOT A JOB!!!
Sorry !
I'm sorry !

Let's hope the results are good Subaru-kun!
Then you'd better give her a phone call!
Hut these jokes, Seishirou -san
Um, yeah
I love you, Subaru-kun !
It's not a joke Don't you believe me after all this time?
Uh, I-I need to get to a phone
It's not that! It's just, I mean

So you have another job?
Yes.
That's alright! We'll go eat that barbeque some other time!
I'm really sorry, Seishirou -san.
Were you listening to me just then?
Hokuto-chan, have you ever heard of the 'Dial Q2' system?
Well, what's it about this time?
It's the one with all the phone numbers with a double 9 in them, right?
Sure!

Whaaaat?! You went for a date at Ikebukuro's Sunshine 60 building?!
Subaru's apartment, Shinjuku
It sounds like some weird eating tour! Where's the romance in that?!
Ha ha ha ha !
And what were you planning to do there?
Well, we wanted to go to the cafe for muffins, then the coffee lounge for an omelette
then to the Hesian for some barbeque as well.
But seriously Subaru, you don't even have time for a date!

It's a really fun way for phone gossiping.
And you can meet a whole lot of new people.
You just dial one number and you're chatting with a whole big group
There's a '99' in the first 4 numbers
so they named it the 'Dial Q2'
The Party Line is a service that allows up to ten people to chat on one phone line

Eh? What's a 'Party Line' thing?
It seems something strange is going on with their Party Line.
It's one of the services provided by the 'Dial Q2' system.
Please excuse my ignorance.
Don't you know, Sei-chan?

Sei-chan's birthday is April 1, right? So that makes you an Aries.
Don't know much about the Zodiac, but I was born on April 1 that's for sure.
Lemme see, lemme see!
Really?? How was it?
Haven't had time to check it yet.
The Party Line makes your phone bills go to the sky!
However, there's a big drawback that can get you into big trouble.
Sounds like fun!
You're very informed, Hokuto-chan
And you can guess what parents have to say about that!
So if you get into an interesting conversation and chat for ages the bill can reach thousands!
I think it costs about 10 yen for 14 to 18 minutes.
Is something wrong?
Hmm
Subaru-kun and I got an affinity test done at the Sunshine before you called.
Speaking of star signs,
It's natural that I should be!
Because my star sign is Aquarius!

It's like the thing with the 'Grand Cross' people are talking about worldwide
Well, the prophecies of Nostradamus and the Bible say that in the year 1999 the world will be destroyed
So the end of the century is a reason for the occult to be in fashion?
You're more like a water element
I think ...
Is that so?
You don't seem like a typical Aries, Sei-chan.
About the end of the world ?
So what do you think about it?
The end of the world ...
Personally, instead of worrying about the world in 8 years, I'd rather worry about the sales at the Maruí department store in 3 days!
Hahaha! How very practical!
Besides, it's the end of the century
There's a boom for the occult all around the world!
What do you mean? Nowadays there isn't a single magazine without the horoscope!
Water element ?
You ARE well informed, Hokuto -chan!
Like ... Pisces.
Or Scorpio.

Phone numbers with "1999" in their last four digits have been recieving an annsual amount of pranks in the last few months
Isnt they re not like ordinary phone pranks
They seem to be more like spells
Isnt why do they want to know the color of ladies nnderwear ?
I suppose it brings a bit of sparkle to their dull lives!
So what do phone pranks have to do with the job?

So then, what's the job about?
Oh um, lately over Tokyo there have been a lot of phone pranks
Phone pranks? I get a lot of those at the Clinic.
They say things like, "what are yon doing now? or, what's the color of yonr nnderwear, lady? In a gasping voice.
Color of underwear? Maybe someone played that prank to someone coming back from a marathon?
Since I'm not a woman and can t satisfy their curiosity
as a consolation I let them listen to the voices of my patients Mr Cat, Mr Dog, Mr Monkey

What a broad variety!
It seems to be a lot of different ones
Islamic, Cabalistic techniques, black magic !!!
They use every thing.
I'm not sure how to start the investi-gation.
but if they can cast all those different spells,
they must be very good sorcerers.
Not only that, it says your relationship with Subaru is going to be terrible!!
Hey, Sei-chan! I think this horoscope of yours is wrong!
It doesn't say a word about your personality or anything !!
So the NTT company decided to track down the calls and discovered they were made from a Party Line belonging to the Q2 system access.
but then accidents began to happen at the places that received the prank cal.
At first people thought they were just ordinary phone pranks.
What kind of spells are being used?
Then it's almost impossible to find the culprit since anyone can access that line.
Yes, so since the NTT couldn't do anything they asked for the Sumeragi Clan's help.

When the year 1999 comes, the world will be destroyed.
We must succeed in the mission given to us.
We must!
About the End of the World and the Devil's awakening...
What dream?
I had a dream.
Do you know the number of the 'Party Line' Subaru-kun?
I have an idea!
Exactly what I expect from my brother-in-law!!
Well said!!
H-Hokuto-chan!
The harder the obstacles, the brighter the flame of love burns!
Uh, yeah.
and see what you find!
Then all you have to do is call up this number.

Though they haven't awakened in us yet,
We are the 'chosen ones'.
We have special powers.
Of course we can!
The Devil awakens, and the demons . . .
they kill us.
Calm down. Tell us about your dream.
Already?! It's too soon!
We must hurry then.
We have to find our companions, the other warriors who fought with us in our previous lives
But can we defeat the Devil?
We must find them . . .
'You have been chosen.'
One day, someone will call us and say, 'You are special.'

Besides, all the calls we make to attack the enemy are made via the Party Line.
Yes
It's alright Did you two set up the kekkai the way I explained it to you over the phone?
And put the ofuda up the way I told you?
After all, we found our companions.
Things have been good so far
That's true. If we hadn't accessed this Party Line we may have never found each other
I knew I had special powers, but never imagined that there were other girls like me who were my companions
I destroyed another one today.
Which technique did you use?
An ancient Hindu spell I found in a book in the corner of the library
It comes from your previous incarnation.
To find that book was your destiny.
But do you think it's ok? Maybe the enemy will discover who and where we are and attack us.
My precognition was correct.
The places whose phone numbers end in 1999 are the enemy's strongholds
The Promised Day will come.
The day we have to fight the Devil.
Until then, the best we can do is attack the enemy's strongholds.

BEEP
I suspected there should be other warriors like me, and thought I could find them if I called this Party Line
I was surely a warrior in my past life, and in this life I will have to stand and fight for the world again
I always thought, 'I'm not an ordinary person. I'm special
Someone wants to access the line.
Is it a companion? Or an enemy?
We will see. Be careful..
Not yet.
I wish to meet you soon!
I believe. It was our destiny to be born with special powers and to find each other on this Party Line.
For now we must speak only on the phone, but when someone gives us a mission -
We found each other - it proves we have a special destiny.

Your name ?
Er ...
POCHI
How do you like that?
My . . my name is Pochi.
Pochi is a popular dog name.
Er ... sorry for the inter ruption ...
Yes?
BEEP BEEP
That's because Subaru kun is a shy person.
Hey, Subaru shouldn't act nervous like that.
You don't have to use your real name! Everyone uses a nickname!
What's your name ?

What do you mean?
But how can you name Subaru after a dog?!
Why did you suggest such a stupid name?!
Sal-chan you-!
But doesn't "Yachi" sound cute for him?
Do you have any 'special powers'?
Huh?
Are you one of our 'companions'?
What comes to mind when you hear the number 1999?

An inverted mantra?
This is
Enemy!
It's the enemy!
Are you the ones making those phone calls?!

Subaru!!

BEEP
What was that ?

When two places are connected by a phone line, the separate spiritual spaces become one
So then a kekkai won't react since the attack isn't coming from outside
It's originally a spell cast for self protection
But if you chant it backwards, it becomes a curse
It was an inverted mantra.
Inverted what!it ?
How pathetic The kekkai of Japan's top onmyouji being defeated by the modern home appliance!
They were girls' voices, weren't they?
Even if it's cast over the phone?
But Subaru isn't the apartment protected by your kekkai?
A kekkai has no effect when the attack comes over the phone.
How come ?
I wonder if they are the ones responsible for those prank calls.
They sounded about my age.
It would seem so.

Because they are strictly forbidden.
Why not ?
If they know how to cast an inverted mantra then they probably know how to use Islam and Christian techniques as well
Occult powers aren't something you can play with without consequences.
I doubt an onmyouji would use spells from so many different religions so recklessly.
I don't think so.
Dedicated training is required to perform each spell.
Their effectiveness depends completely on the skill of the caster.
I'm sure you know every spell in both black and white magic, Subaru-kun, but you've never used them.
If they are onmyouji, then the Sumeragi Clan would know about them so if we investigate from there . . .

Oh! Everytime I ask you about this you go change the subject!
Oops, out of tea, I'll go get some more !
C'mon, are you related to that assasin group Sakurazukamori? Tell me, tell me!!
So?
So?
Wow, Sei-chan, you know so much !!
those girls !!
Then, that would mean
Are a group of amateurs
And also, the more powerful a spell is,
the more dire the consequences upon the caster should the spell not succeed.
A 'gro' onmyouji knows how dangerous this can be.
So they will never try and do what is forbidden

BLRGH!!
...
hurgh
hurrrrgh!
ugh
uhh
Hey, you ok there?!
hurgh

Leave me alone !!
Were you on the phone again?!
Is chatting all you can do?!
It's nothing !!
Enemy!
Kyaaaa!!
I-It's nothing, I'm okay . . .
ばっ
What's going on here ?
Were you screaming ?

If our little friends are just doing it for fun,
then Subaru-kun's mirror spell should have taught them a good lesson.

Oh my god! The poor girls!
That's terrible
So if they were not suitably prepared . . .

We must defeat him! That is why we are warriors!
The enemy has attacked us and came to challenge us!
The enemy has come!
We are special!

I don't feel very well..
I wasn't able to control myself..
I must make them stop!
Subaru ?
It's not your fault, Subaru -kun
If you harbor ill-feeling towards someone,
It's natural that it will come back to you..
Well ...
So they should be fine.
I didn't mean to send them a curse when I cast the mirror spell..
Really? Ewwl
It's very probable that they would've vomited everything they've eaten today a bit painfully.
If they weren't at home when they threw up, what a shame! They'll never get married If they go on like that!
Since it's a Dial Q2 service they could have been calling from anywhere!

If those girls go on like this, they'll get into serious trouble.

N-not really, I mean . . .
Oi, don't create a world of your own! I'm s..ll here!
Even the smallest chance must be treasured!
You truly are a very kind person, Subaru-kun!
I praise your dedication!
H-hoku to-dr..n!
Ooh, full regalia today!
He may not look it, but Subaru is a pro.
Yes.
You mean those Dial Q2 girls?
So what are you going to do?
I thought I'd try and find out where the girls behind the prank calls lived.
If those girls keep practising the Art like this,
If I don't stop them, something could happen . . .
By the way, have you eaten, Subaru-kun?
After all we never went out for after noon tea,
and all you've had before was a muffin.
Subaru seldom eats before a job- it's a rare thing to find a boy so hardworking nowadays-

Ohohoho hoho!
Subaru might feel lonely that's why!
Now that I think about it, it's not just Subaru-kun who's dressed up for this
Why did you get changed, Hokuto-chan ?
At first, Subaru didn't feel right about doing this job, didn't you
You only just noticed ?!
Ohoho hoho!
You're such a kind sister, Hokuto-chan
I see
click
regardless of the season
The day before a job, Subaru doesn't eat any meat, and he also cleanses himself with cold water early in the morning
What splendid dedication !
Not really
It's not me being different or anything
But anyone who practices the Art has to do that.
Cold water isn't much fun
Isn't that a purification ceremony ?
Since I'm being paid to do this

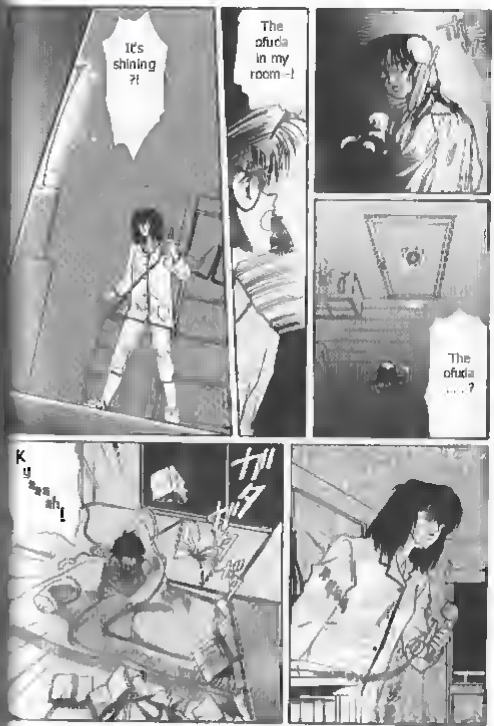
Subaru's shikigami looks very impressive !
Magnificent !
fly

Hey, Sei-chan, do you have a shikigami?
Seems like Subaru-kun keeps pets after all.
Shikigami are the hands and feet of an onmyouji, because they're a mobile familiar spirit.
Though I suppose you're not quite wrong in calling them 'pets'.
Eh? Where did Subaru-kun's shikigami fly off to?
You're changing the subject again !!

Did you have the same dream?
What about you?
...
Yeah.

It was an attack from the enemy!
No!! It wasn't a precognitory dream!
Was it one of your precognitory dreams?
You're saying he can attack our dreams?
That's right The enemy is afraid of our special powers
Yeah, that's right!
So he showed us that dream to try and frighten us!
So it must mean,
That our powers are wondrous

EYAH!!



It's shining ?!
The ofuda in my room--!
The ofuda ....?
Kyaaah!

Subaru? What's wrong ?

What happened ?
You changed the ceremony
I'm ok, Hokuto -chan
I found them.
Did you find the girls' homes ?
But those girls had barriers on their rooms, and to make things worse,
The actual searching was ok.
There were three of them.
Asagaya, Hachioujl, and Misato.
Was the search so exhausting ?
Subaru !!

These girls using the Art don't know about it,
yet they use very advanced spells, so the sakanagi scares them.
Those girls were under an evil curse
So when I called the shikigami back . . .
Those kekkai barriers weren't done properly.
Yes.
You're over exerting yourself.
When I called the shikigami back, the energy in the girls' rooms reacted badly.
And the spirits tried to force the girls' kekkai?
They've used too much of the Art, and awakened the spirits in the local area.
If you cast a spell using the Art,
and the spell is very powerful,
then the backlash upon the caster will also be very powerful.
A sakanagi.
Evil curse ?
But then I'd harm the girls, when right now they're in a situation where I can observe them. If I attack, those girls' minds would. . . .
Otherwise it will get very dangerous for you, Subaru-kun.
You should have had the reconnaissance shikigami destroy the kekkai from the onset, or even attack the girls.
Professionals like Subaru-kun are aware of this and therefore, place special defenses upon themselves for protection.
but the karma from the spell will return to the caster without fail. That is Sakanagi.
The spell itself might not be reflected,

Your father isn't working just so you can waste time and money chatting on the phone!
Do you have any idea just how much this month's phone bill is?!
How much have you used the phone ?!
Last night ... what was that?
And your home work
really ?
I was so scared...
Hey, where's your lunch?
I'm not hungry.
Hey, Sei-chan!
Whadja thinking about??
Waaaah, go Sei-chan, go!
I was thinking that maybe I could take advantage of Subaru-kun's exhausted state and rush into a perverted situation!
Some thing perverted.
Ooh, Sei-chan you're so honest !!

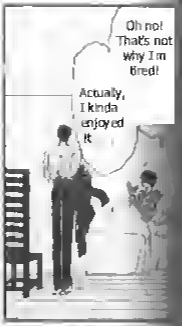
Translit: *mune ha ya-ndi-ego*

When will the voice call us, I wonder...
Where on earth might the enemy hide?
Ok, this is
So why haven't we heard the voice yet?
It should know that we have been attacked!
For we are the chosen ones, the special ones who -
Hey, hey!
And then our special powers will awaken, and we will fight against those who seek to destroy the world!
I'm sure it will be soon. I know, that like this novel I'm writing, we will survive when the End of the World comes...

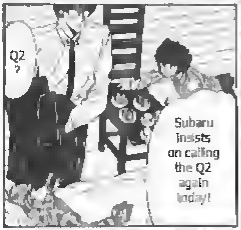
I have to use my lunch money to buy phone cards. I can't call from home anymore since Mom is there.
But you haven't been eating anything lately! You on a diet?
I said I'm not hungry! Leave me alone!
The phone bills are over 10 000 yen!" she yells
But we're warriors! We have to save the world!
We're different to those normal children.

Subaru, stay quietly in bed or you'll get worse!
Ding dong
I'm coming!
Is Subaru-kun's fever better?
Yes?
Oh, hi Sei-chan.
I'll go open the door for you.
It's still 36 degrees Celcius!
Huh, it seems like the patient is already planning to get up.
I'm here to visit the patient.
I hope I'm not disturbing.
Ok now.
Are you writing this rubbish in class again?!
Wait, teacher
freak
ps
We're special!

I'm very glad to hear that, Subaru -kun!



Oh no! That's not why I'm tired!
Actually, I kinda enjoyed it



Q2 ?
Subaru insists on calling the Q2 again today!

But if I don't hurry and do something I fear something terrible will happen

You tell him too, Sei-chan !
Tell him what ?

Here!
Yatta!! Tops chocolate cake!!
Tata Tata Tata Tata Tata Tata Tata Tata Tata Tata Tata Tata Tata Tata Tata Tata

Come in!

Subaru's in the bedroom. I'll go fix some snacks,
So go ahead !
Alright !

Hey, how are you feeling ?

I'm fine now, just a bit tired
I guess we shouldn't have gone to Ikebukuro after your work

I won't be in your way.
I trust your work, Subaru-kun.
Can we do this togethe ?
But this time, I'm not in the best condition . . .
Something might happen.
there isn't a moment to spare
If there's already that much spiritual disturbance
Hokuto -chan, this is work!
Subaru !
I'm being paid.
to do this job,
So there fore,
I want to do it properly!
You're a pro, Subaru!
Just be careful !
So I understand! For the money you've recieved!
Subaru . . . .

Calm down. It's ok. The nightmares and the ghosts in your room,
they'll soon be gone..
It's not me.
You're lying !!
Even though I tried my best to exorcise them they didn't go away!!
Really.
Really?!
No, I'm not.
Who are you?
Are you also a warrior?
Hello ?
b e e p
Are you the ones behind those prank calls?
You're the one who called before, right??
What have you done?!
Help me!
It's all because of you, isn't it!
Scary dreams, ghosts appearing in my room

But if I do that the ghosts will!
Your ofuda is incorrect.
What?
Will I really be okay if I take it down?!
Yes.
That's usually the main reason.
Maybe you looked it up in a book or something - If you did the book was also wrong.
The direction and the way it's written...

Are you one of our allies?
No.
Are you a special person?!
...no, I'm not a special person.
Y-yes.
Take it down.
Than, why are you
Do you have something like an ofuda put up in your room?

It's going better than expected, don't you think?
So far there's no problems, but...
What's the matter? What's going on?
What's this spell?!
BEEP!
BEEP!
Promise?!
I promise.

But he said our ofuda were incorrect!
That's why all the bad things came!!
What did you say?! He's the enemy!!
This person said he'd make the ghosts and the scary dreams go away
Traitor!!
You've betrayed us!!
No, that's not it!!

But the other two attacked him ……
Subaru kun began to exorcise one of the three girls.
If he interrupts his working that girl will be in danger
Whether his kekkai holds or not…
